

landscape natural beauty and pdf

A landscape is the visible features of an area of land, its landforms, and how they integrate with natural or man-made features.

Landscape - Wikipedia

Landscape painting, also known as landscape art, is the depiction of landscapes in art – natural scenery such as mountains, valleys, trees, rivers, and forests, especially where the main subject is a wide view – with its elements arranged into a coherent composition. In other works, landscape backgrounds for figures can still form an important part of the work.
