A financial audit is conducted to provide an opinion whether "financial statements" (the information being verified) are stated in accordance with specified criteria. Normally, the criteria are international accounting standards, although auditors may conduct audits of financial statements prepared using the cash basis or some other basis of accounting appropriate for the organisation.

Charter schools in the United States are primary or secondary education institutions that do not charge fees to pupils who take state-mandated exams. These charter schools are subject to fewer rules, regulations, and statutes than traditional state schools, but receive less public funding than public schools, typically a fixed amount per pupil. There are both non-profit and for-profit charter ...
