New-age music is a genre of music intended to create artistic inspiration, relaxation, and optimism. It is used by listeners for yoga, massage, meditation, reading as a method of stress management to bring about a state of ecstasy rather than trance, or to create a peaceful atmosphere in their home or other environments, and is associated with environmentalism and New Age spirituality.

In popular music, a break is an instrumental or percussion section during a song derived from or related to stop-time – being a "break" from the main parts of the song or piece. A break is usually interpolated between sections of a song, to provide a sense of anticipation, signal the start of a new section, or create variety in the arrangement.
